

LINEAR-12 ELITE WITH POSITION LIGHT

Quite simply the ultimate in low profile auxiliary LED lighting, now available with the added styling and safety benefits of integrated Position Light function. The Linear-12 Elite with position light provides astonishing levels of light output, optimised for everyday road use, where either space is a limiting factor in regards any installation, or the preference is for a sleek, aerodynamic solution to get noticed more at night than during the day. The Linear-12 Elite with position light utilises a combination of highly efficient 3W LEDs, the same as used in our 2018 WRC lighting solutions, which together deliver 8,100 lumens, and 1 lux to 400m.
