HIGH PERFORMANCE LIGHTING

LINEAR-18 ELITE WITH POSITION LIGHT

Quite simply the ultimate in low profile auxiliary LED lighting for the road and passenger car market, now available with the added styling and safety benefits of integrated Position Light function. The Linear-18 Elite with position light provides astonishing levels of light output, optimised for everyday road use, where either space is a limiting factor in regards any installation, or the preference is for a sleek, aerodynamic solution to get noticed more at night than during the day. The Linear-18 Elite utilises a combination of 36x highly efficient 3W LEDs, which together deliver 12,150 lumens, and 1 lux to 488m.
