

LINEAR-18

The Linear-18 is an ECE approved, road-legal versatile and economical auxiliary lighting solution which provides a significant upgrade when compared with any OE headlamps. The Linear-18 is ideal for passenger vehicles, where regulations allow for a single lamp to be connected direct to the standard high beams, and in particular where the lamp is being mounted low down at the front of the vehicle. Utilising highly efficient 3W LEDs, the Linear-18 delivers 6,750 lumens, and 1 Lux to 428m, impressive performance considering the lamp only consumes minimal power at 63W and with a current draw of 4.4Amps.

LINEAR-18

- Economical solution for everyday road use
- Vacuum-metallised optics deliver wide spread of light
- Reduced up/down spread of light suits lower mounting positions
- Highly efficient 3W LED technology
- Sleek, low profile design facilitates installation
- Designed & manufactured in the UK

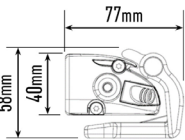

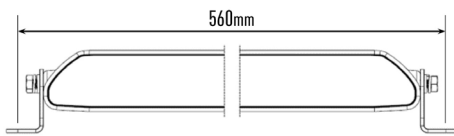

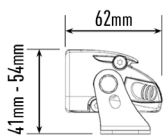

MOUNTING OPTIONS

(Anti-theft fasteners included)

(Centre Mount kit sold separately)

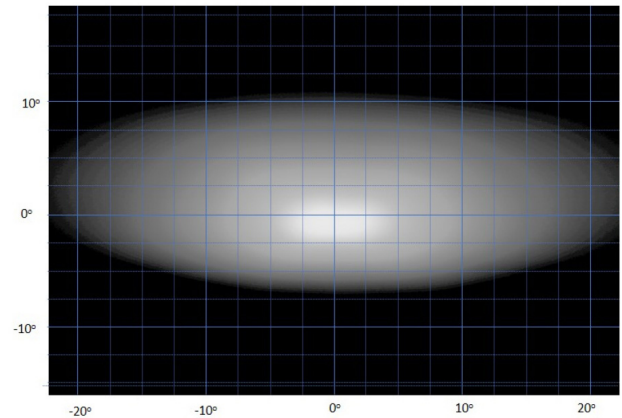

E-MARK REF	30
VOLTAGE RANGE	10V - 32V
RAW LUMENS	6750
BEAM PATTERN	Wide
BEAM DISTANCE (0.25LX)	855m
# HIGH POWER LEDS	18
POWER CONSUMPTION	63 Watts
CURRENT DRAW†	4.4 Amps
LED LIFE	50,000 Hrs*
WEIGHT	1090g

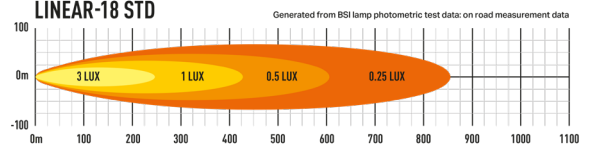

* LED Manufacturers Specifications †At 14.4 Volts

Horizontal: 56° / Vertical: 13° (2% of peak)
